Hi Rich,  
 I was not upset with you at all. I understand what you are saying but one cannot overlook the optics of this whole thing. A \$500 bounty. Nothing is innocent about that web page.  
 We are good. I hope though you can see this through the eyes of educators.  
 Terri

Good Afternoon,  
 Have you had time to calm down a bit? Certainly, don't want to damage our professional working relationship and friendship. Believe me when I say that I will follow the law to the letter. In answer to your question, we have had allegations of Educator Misconduct related to the new law.  
 Each has been triaged and sent to the HRC for their review. I have not undertaken any formal investigation related to "Divisive Content."

I understand the HRC part however there are tons of things where people could be educated on ow to file complaints etc. Are those things worry of their own page? Nope. I am curious how many complaints over the new law have been received? This is wrong on so many levels.

Hi Rich,  
So it looks like the NH DOE has crossed the Rubicon.
